

How to Participate in JOTI 2018

How can I participate in JOTI?

You can join in from home or your Scout Hall using any of the following communication methods and mediums. All Scouting online channels are monitored and supervised by trained volunteers and have a set of rules that must be followed at all times. Scouting servers also require that participants follow the promise and law of Scouting.

When is JOTI online? 19-21 October 2018

Official hours are all day Saturday and Sunday, but you will find that the internet services are operating well before and after these times. In fact, many online Scout services like ScoutWired and ScoutLink are online 24 hours a day, 365 days of the year.

What services are available?

Webchat

Download: <https://webchat.scoutlink.net/>
Server: chat.scoutlink.net

to find Scouting contacts on Skype

Remember these important rules:

Never give out your full name, your home address, phone number, school or other personal or identifying information when sending email or communicating through the internet.

If you receive an email or other online communication that you think is strange or unusual, from anyone that wants to meet you, or asks for any personal information: do not reply! Tell your leader or one of your parents.
